AN INVITATION
TO REMEMBER.

ENERGY HEALING

WHAT IS

ANGELIC REIKI?

There are healing modalities that help you feel better. And then there are those that change something you can't quite put into words.

Angelic Reiki is the second kind.

It is not a technique. It is not a wellness treatment. It is a sacred transmission, a space in which the high-frequency energies of the Angelic Kingdom meet you exactly where you are, and work on every level simultaneously, physical, emotional, mental, and spiritual.

What happens in a session is not something I direct or control. I open as a channel. The angels, archangels, ascended masters, and galactic healers transmit exactly what you need in that moment, nothing more, nothing less. My role is simply to hold the space. **The healing belongs to you.**

Angelic Reiki is not the typical spiritual healing modality. It is deeply rooted in ancient wisdom and teachings. It works in ways that go beyond what the mind can fully explain.

Once you
experience it,
something in
you remembers.

MY JOURNEY WITH

ANGELIC REIKI

It was 2015, and I was in the middle of one of the most difficult periods of my life. A relationship had ended. I had moved back closer to home, and I was doing the kind of deep shadow work that dismantles everything you thought you knew about yourself. I had already trained in the first level of Uuli Reiki, and I was searching, not quite knowing what I was searching for.

Then one afternoon I came across a YouTube video. A woman in London was talking about Angelic Reiki and demonstrating a healing session. I watched it and felt something I can only describe as **recognition**. Not curiosity. Not interest. It was recognition. A deep pull, like something inside me had been waiting for this.

I looked up Christine Core's website that same day, found the workshop dates, and booked my place. Then I drove to England alone, which for me at the time felt like a real adventure, and also like I had no choice. I was on a mission, even if I couldn't fully explain why.

The workshop changed me. Not in the soft, pleasant way some spiritual experiences do. In the kind of way that shifts something at a deeper level, Angelic Reiki is not fluffy, not surface-level, not simply love and light. It is ancient. It carries a depth and a precision that asks something of you. And once you have experienced it, you cannot unknow it.

I knew from that first workshop that I wanted to bring this to Germany. To anchor it here. To offer women the same kind of space I had found. It took me ten years to offer my first workshop, and even now it is not a simple path. But I have never doubted the why. This work chose me before I chose it.

THE FOUNDERS & THE LINEAGE

*Angelic Reiki is the
healing for our time.*

ARCHANGEL METATRON &
ASCENDED MASTER DJWHAL KHUL

THE ANGELIC REIKI LINEAGE

2002 – 2003

Angelic Reiki received by Kevin Core from Archangel Metatron and Ascended Master Djwhal Khul.

2003

The Angelic Reiki system is developed together with Christine Core and the first workshops are held here.

2003 – Today

The Angelic Reiki organisation grows internationally and is now active in more than 26 countries.

Today

Christine Core continues to lead and develop the organisation.

Angelic Reiki was channelled by Kevin Core between 2002 and 2003, received directly from Archangel Metatron and the Ascended Master Djwhal Khul, who described it as "the healing for our time." Together with his wife Christine, Kevin developed and taught the system, and the two of them built an international organisation that now spans more than **26 countries**.

The system is rooted in the Usui and Shamballa Reiki lineage and forms a complete and structured approach to energy healing. What sets it apart is the nature of the attunements. Each initiation creates a conscious and lasting connection with the Angelic Kingdom of Light, preparing the practitioner to work alongside angelic beings rather than simply directing energy themselves.

In practice this means the Angelic Reiki practitioner holds a space dedicated entirely to the Angelic realm and becomes a channel through which angelic frequencies are transmitted to the recipient. The healing that flows through is not shaped by the practitioner's intention or technique. It is precisely what the recipient needs in that moment, **nothing more, nothing less**.

Christine Core continues to lead and develop the organisation today. I am honoured to be a certified Angelic Reiki Master Teacher, officially registered with Angelic Reiki International and the Foundation of Cosmic Fire, **initiated personally by Christine in 2015**.

ANGELIC REIKI SESSIONS

A sacred space to receive.

A session begins before you arrive.

You do not need to prepare anything, explain anything, or know exactly what you need. You simply need the willingness to receive.

We take a few minutes to settle and check in. You share whatever is relevant, what you are carrying, what you are hoping for, or simply how you are. There is no right or wrong here.

Then you lie down fully clothed, shoes off, and I open as a channel. What happens from that point is not mine to direct. The angels and healing energies transmit exactly what your system needs in that moment, flowing to wherever they are needed, across all levels at once.

What clients experience during a session varies. Some feel deep warmth or a tingling sensation. Some experience profound stillness. Some feel something release that they have been carrying for a long time. Some fall asleep. Some cry without knowing why, and that is perfectly welcome. Whatever arises is right for you in that moment.

Sessions last approximately one hour and are available in person in Minden or online as a distance session. Angelic energy is not limited by time or space, the healing reaches you wherever you are.

Now, my greatest joy is supporting other women as they reconnect with their own light, their own wisdom and their own power to heal.

It is an honour to walk beside you.
You don't have to do this alone.

The angels are with you, and so am I.
